Mr. Hiram Hamilton

Dedication

In giving honor to those who deservingly earn it, we come to mind of one person in particular---- one who is aware of the students and is willing to help when needed. He has become a vital part of our school life and has endeared himself in the hearts of the students.

Never failing to wear a smile, he is always willing to take time out from his duties to be friendly and genuinely concerned with everything around him.

Because of his eagerness and sincere liking for everyone,---- we the Annual Staff, dedicate the 1967 Yellowjacket to MR. HI HAMILTON.

that I've got it

Foreword

Throughout the past years there have been hands to help mold our character and way of life, just as there will be hands in the years to come that will guide and protect us. By the hands of our administration we have become wise, responsible young people, capable of living worthwhile and fruitful lives.

Members of the faculty have, in somewhat the same way, guided us to take the worthwhile route of education and, with their skillful hands, taught us to interpret our knowledge to best fit our individual needs.

Our parents have reared us with hands of love and devotion, hoping we would grow to be intelligent adults, proud of our heritage. Hands have made us what we are today and what we will be in the future. With these thoughts in mind, we present to you the 1967 YELLOW-JACKET.

Believe it or not it was hard work!

Yellowjacket Staff

"You must put this in." "We just can't; we don't have enough pages." But somehow, after a great deal of organizing and then reorganizing again, we made it!

Whatever would I have done without Brenda, ever-ready when duty called. Karen and Jean did wonders with the elementary section. Mike's "I have to go take pictures" and Jimmy's "Well, I sold another ad," kept the staff in a congenial mood. John and Gary worked hard on the sports pages - all to a successful outcome.

While not all were ready to work, Janie, Terry, Jim, Don, and George gave a lending hand when needed.

Mary and Freddie drew up the junior section, while Debbie and Gaylon worked on the sophomore pages - all doing a wonderful job.

Disappointments came throughout the year - a little yelling and a lot of hard work, too. But in the end, as Mrs. Medlock will agree, I think we have edited one of the finest yearbooks ever!

TO THE SENIOR CLASS OF 1967

You have had a variety of experiences during the past twelve years. These experiences have been a part of your home life, your social world, and educational environment. These will have lasting effects on your future. Now you face a world of new experiences. This will not be just a rearrangement of your past experiences; but, more than likely, experiences that not only you but an entire civilization will face. You face a fast changing, but exciting, world.

Don't get lost in the change. Be a part of this change by continuing to prepare yourself each day. Never let an opportunity pass to gain new experiences. You will need them. You face the most challenging, but, at the same time, the most rewarding world of any generation.

Today's world, with its broadened cultural and social sphere, demands intelligent expression from the common man. Consequently, English is one of the most important subjects which we study in school.

Reading is considered a simple basic skill by many people, but before a student tries to extend his learning toward any subject he must first become a good reader. Remedial reading helps him achieve this goal by increasing his vocabulary, reading comprehension, and speed of reading with understanding.

The Spotlight Staff

Jean and Jim hand out assignments.

The staff, headed by editor Jim Farley, spent many hours (some vainly and others fruitfully) working toward the publication of the school paper. After much discussion, accompanied by good-natured verbal battles and interspersions of fun, an idea was born, a plan was formed, and a page came forth.

Quiet! Artist at work.

Mrs. Medlock checks typing.

Chief dreamer was Mike, while hardest worker was Jean. Everyone wrote and most typed, but the artist was John and the mechanic was Don. Driving for advertisers was Jimmy White, but standing ever ready to assist where needed, when their special assignments were done, were Pat, Brenda, Karen, Janie, Gary, Terry, and "Good Old" George.

Everyone needs a break occasionally.

Jimmy and I think a lot of
you and a lot about you too. I'll
never forget the good times we
times we've spent together. I wish
you weren't leaving, cause you've
helped me more than you'll ever
know. I admire you and Donna be-
cause you're both such good Christians,
and many other reasons too. I hope
you'll always be as good as
I as friends. God bless you.

Yours truly,

Jimmy

Donna

M.A. Allison

I have never met a
teacher like you before. Every
day in Chemistry is a new and
exciting experience. I sure
hate to see you go. I've enjoyed
your company very much.
W.C. Hock. You and Ken
keep up the good work.

Vernon

Billy,

I can't hardly believe "P.B."
a person can get attached to
a teacher in one year like I
have you. You're more than a
teacher though, you are one of
my closest friends. I have
lovedly enjoyed having
Chemistry under you and
all the other periods we just
sit around and talk
about anybody and any-
thing. Can't wait for next
year.

I have really enjoyed knowing
you this year. It has
been a lot of fun in your
room. Third Period Talking
about Miss Tucker. Later
all the other female
teachers. Only if your
wife knew. Good luck
in the future, R.D. & P.B.
and all that other stuff.
Best wishes

I miss seeing you leave, but I understand,
I guess. I hope you like your job and
everything goes o.k. Everyone here will
miss you a lot especially the tenth graders
who were looking forward to taking Chemistry
under you next year, and a few Juniors and
Seniors I know. Good luck to you and Donna
always and I'll never forget you and I
hope you don't miss me.

a special friend
